IMPORTANT NOTICE REGARDING CASH REQUEST FOR DISTRIBUTION PAYABLE MAY 27, 2026

To Our Shareholders:

Adams Natural Resources Fund, Inc. (the "Fund") currently has a policy of paying distributions on its common stock at a committed rate of 8% of its average net asset value ("NAV") per year, payable at 2% of average NAV for each quarterly distribution, with the fourth quarter distribution to be the greater of 2% of average NAV or the amount needed to satisfy minimum distribution requirements of the Internal Revenue Code for regulated investment companies. Each distribution is payable in newly issued shares of stock valued on the valuation date at the lower of the NAV per share or the closing NYSE market price per share, but in no event less than 95% of the market price.

The Board of Directors has declared the second quarter distribution for 2026 in the amount of \$0.52 per share, payable May 27, 2026 to shareholders of record at the close of business on April 27, 2026. The valuation date is May 15, 2026.

The distribution is payable in newly issued shares of common stock of the Fund unless you have a permanent cash election or you elect to receive it in cash in the manner described below. Shareholders receiving stock have the opportunity to increase their investment in the Fund without incurring investment expenses.

No action is required on your part to receive this distribution in additional shares, or if you have a permanent cash election. All other shareholders may elect to receive this distribution in cash. To receive cash, please call 866-723-8330, or sign the attached card and mail it in the enclosed postage-paid return envelope. Computershare must receive your election by phone or mail not later than 4:00 p.m. (Eastern Time) on May 15, 2026, or you will receive this distribution in newly issued shares of common stock of the Fund.

How Distributions in Shares Will Be Calculated

Unless you elect to receive your distribution in cash, the number of whole shares to be issued to you will be determined by dividing the total dollar amount of the distribution payable to you, based on the number of shares you held of record on April 27, 2026, by the closing NYSE market price per share of the Fund's common stock on May 15, 2026, or by the NAV per share on that date, whichever is lower, but in no event less than 95% of the market price. Any resulting fractional share will be paid in cash.

The shares of the Fund frequently trade at a discount from their NAV. If the May 15, 2026 closing NYSE market price is less than the NAV, the issuance of shares at the lower market price will result in a decrease in the NAV per share of the Fund, whether the distribution is taken in cash or shares. You should also be aware that by electing to receive cash rather than shares, your percentage ownership of the Fund will be somewhat reduced.

Important—Federal Income Tax Information—Note Carefully

Distributions under the Fund's distribution policy can be derived from net investment income, realized capital gains, or possibly, returns of capital, and are payable in newly issued shares of common stock unless a shareholder specifically elects to receive cash. All distributions that you receive, except those that are characterized as returns of capital, are subject to federal income taxes, whether received in stock or cash.

The distribution reported in this notice will be accompanied on the payable date by a Section 19(a) Notice containing preliminary information characterizing the amounts and sources of the distribution that are only estimates and will not be provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

For shares received, your cost basis per share for federal tax purposes of the shares you receive will generally be an amount equal to the amount you would have received had you taken the distribution in cash divided by the number of shares that you receive.

For further information, please see the Fund's April 17, 2026 Distribution Declaration Press Release on the Fund's website at adamsfunds.com. If you have any questions, please call Investor Assistance toll-free at 866-723-8330.

Sincerely,

Adams Natural Resources Fund, Inc.
