ADAMS NATURAL RESOURCES FUND (NYSE: PEO)

GOAL AND STRATEGY

Long-term capital appreciation by investing primarily in energy and materials companies.

DISTINGUISHING CHARACTERISTICS

Internally managed non-diversified closed-end fund focused on the energy and materials sectors. Committed to a quarterly distribution of at least 2% of average net asset value.[1]

[1] A portion of any distribution may be treated as paid from sources other than net income, including but not limited to short-term capital gain, long-term capital gain, and return of capital. The final determination of the source of all distributions for tax reporting purposes in a calendar year, including the percentage of qualified dividend income, will be made after year end.

*Beginning in 2024, the annual distribution rate is calculated as the total dividends and distributions per share for the year divided by the average of the Fund's net asset value per share for the four quarter-end periods ending September 30, in accordance with the Managed Distribution Policy adopted in May 2024. Prior to that, the calculation was based on the Fund's average month-end stock price for the twelve months ended October 31, in accordance with the annual 6% minimum distribution rate then in effect.
